# PREFACE

---

THE 1929 edition of the Geographic and Alphabetic Catalog of Nu Sigma Nu follows the general style of the 1922 and 1925 editions, and continues the regular quadrennial series. Every effort has been made to make the catalog complete and accurate, final checking of addresses having been made immediately on publication of the 1929 Directory of the American Medical Association. Some mistakes and omissions are bound to have occurred and the Council Secretary will receive gratefully any corrections for the next edition.

Every effort is being made in the office of the Council Secretary to keep alphabetic and geographic card indexes constantly and accurately revised. Lack of information is confined largely to those members who have dropped out of school or transferred to those schools in which the fraternity does not have chapters. Therefore these members and their friends in particular are urged to send to the Council Secretary's office information regarding any Brother in the "Unclassified" or "Address Unknown" lists. Corrections of any sort will be gratefully received.

Copies of the 1929 edition are sent without charge to each chapter in sufficient numbers to supply each undergraduate member listed in the central office as of November 1st, 1929. Individual copies will be sent without charge also to each graduate of 1929 whose present address is furnished to the Council Secretary and copies will be delivered to all initiates during the current school year. The object is to provide without charge one copy to each 1929 graduate and each under-graduate in school during the year of 1929-30, because these men have contributed to the expense of publication by payment of their degree fees and per capita tax.

Copies of the new catalog will be mailed postpaid to other graduates on receipt of \$2.00 per copy, which is less than cost. A subscription blank is printed on the back page of each pamphlet Bulletin and is sent to every living member whose address is known. Remittance by check preferably, should be mailed to the Executive Council Secretary, Nu Sigma Nu, 132 The Highlands, Tuscaloosa, Alabama.
